Course Description

A review course in preparation for the Re-Certification Exam for Safety Inspection

Participants will then register and take the online exam as part of the overall course. The cost of the on-line exam and scoring is \$59.99. This includes all relevant categories. There is no retest option when purchasing the on-line exam only.

Failure to pass the exam (< 80%) will result in having to purchase the “full training package.” It includes all training materials, baseline test and one category, on-line exam and scoring, plus one free retest for \$89.99.
