

SCIENCE OF SURGERY CAMP

July 20-24, 2026 | 9 a.m.-3:30 p.m.

 **Home base: Penn State Harrisburg campus**
with trips to Penn State College of Medicine

ABOUT THE PROGRAM

Science of Surgery Camp is designed for high school students from all backgrounds, currently in grades 9-11, and interested in health careers.

The experience will include opportunities for enrichment in science, medicine and technology. Students will engage in hands-on surgical training activities such as suturing, chest tube insertion and intubation. Guest speakers and mentors will represent a variety of backgrounds, experiences and specialty areas in health care. **Limited transportation support may be available in the greater Harrisburg & Lebanon areas.**

PennState

Sponsored by:

**The College of Medicine

CURRENT 9th, 10th & 11th GRADE STUDENTS CAN APPLY!

This program is completely scholarship-funded, therefore an application and selection process will take place. Limited transportation may be available.

Please answer both essay questions:

- (1) How will participating in this camp support your career plans and dreams for the future?
- (2) What are you hoping to learn about or experience during this camp?

Your responses should be at least one paragraph, limit of 150 words for each question. You **MUST** save the essay as a word document or PDF that includes your first and last name in the name of the file (ex: sonnya.nieves.docx).
