

# How To Create A PowerSchool Parent Account

This guide provides a straightforward step-by-step process for parents to create a PowerSchool account, allowing them to access important information about their children's education. It simplifies the account creation by clearly outlining each necessary action, ensuring that even those with multiple students can easily link them. By following this guide, parents can stay informed and engaged with their child's academic progress.

### Create Parent Account

**Parent Account Details**

First Name

Last Name

Email

Re-enter Email

Desired Username

Password

5 Fill out "Link Students to Account"

### Link Students to Account

Enter the Access ID and Access Password for each student you wish to add to your Parent Account

1

Student Name

Access ID

Access Password

2

Student Name

### Student Link Account Information!

The Access ID and Password for your student is the same as the student ID or Lunch Number

If you have more than one student to link, use the continued link spaces provided.

### 6 Click "Enter"

The screenshot shows a web form for linking student accounts. It features two identical sets of input fields. Each set includes a 'Student Name' field, an 'Access ID' field, and an 'Access Password' field. A small box with the number '7' is positioned above the second set of fields. A green circular callout with the word 'Enter' is placed over a button at the bottom right of the form. Below the form, there is a copyright notice: 'Copyright © 2005-2024 PowerSchool Group LLC and/or its affiliate(s).
